FRIEND

Master Oyelaran, dojo owner in Georgetown. Trains half of Seattle's security industry. He knows which guards stand in the Spire tonight, which of them are augmented and who gets careless after a 14-hour day.

RIVAL

Aurel Voss, adept in the service of a corporate security firm. Once trained beside Hush and considers this path a weakness. He advises security companies in Bellevue, occasionally Vesperline too.

WHY YOU TAKE THIS JOB

You seek tasks that make you grow. A tower full of sensors, drones and a curator who must not be harmed is a test of your discipline. The money goes to the dojo. The test is yours.

The Awakening and the adepts. Magic has been back in the world since 2011. About one in a hundred people is Awakened: mages cast and summon, adepts channel mana into their own bodies and become faster, more alert, harder, without anyone seeing it. Cyberware and magic do not mix: every implant costs Essence and weakens the gift. Adepts like Hush therefore choose the body they have and make it the weapon.
